It is of importance that this re-affirmation of the charge should not be allowed to pass unchallenged. I have, therefore, by direction of the Chinese Minister, to request that you will have the goodness to allow me, in your columns, to give the statement of your correspondent, whether in its original or in its modified form, an equally emphatic denial. There is absolutely no foundation whatever for saying that the son of any Chinaman answering to the description of your correspondent was concerned either in the nitiating or the carrying on of the On Londonreprehensible movement.

The vegueness of the telegram as regards the personality of the accused party makes it necessary that I should explain why the Chinese Minister in London, rather than any other thinese official in Europe, should feel himself called on to give such a denial. 'The China Review for September October fully maintains the high standard of excellence which characterises that publiration, and altogether forms a very interesting and readable number. Meteorologists will find an interesting and valuable contribution by Dr. Fritsche, on "the Amount of Precipitation (Rain and Snow) of Poking," showing the results of observations made at the Imperial Russian Observatory at Poking, from 1841 to j 1880. "Notes on the Dutch Occupation of Formosa," by Mr. Geo. Philips, contains some interesting information, although much of it is second-hand.
